JAEGER NELSON

Mount Vernon, WA · (360) 899-8605 · nelsonjaeger1@gmail.com · LinkedIn · GitHub

SUMMARY

Software Engineering Senior pursuing full-stack or mobile engineering roles with a strong interest in technical consulting. Experienced in React Native, Supabase, PostgreSQL, and AI-powered features, with a track record of solving complex problems in collaborative, fast-paced environments.

SKILLS

- Languages: Python, Java, JavaScript, TypeScript, C#, C++, SQL (PostgreSQL), C, Haskell
- Frontend & Mobile: React, React Native, Expo, NativeWind
- Backend & Databases: Supabase, Supabase Edge Functions, PostgreSQL, API integration
- Tools & Platforms: Git, GitHub, Docker, OpenAI API, Paddle API
- Concepts: Agile development, client–server architecture, database design, ERDs, debugging, optimization

EDUCATION

Washington State University - Bachelor's in Software Engineering
Expected May 2026 · GPA: 3.8

PROJECTS & EXPERIENCE

Goat Herd Management Application - Full Stack Mobile App (Capstone)

- Built cross-platform React Native app with mobile-first UI and reusable components
- Developed Supabase backend with auth, storage, and secure edge functions
- Implemented fuzzy search, task management, health tracking, and structured data views
- Created AI-powered chatbot using RAG and custom safety filters
- Collaborated in a 4-person engineering team to deliver production-ready system

Spreadsheet Application

- Developed console-based spreadsheet system in C# simulating Excel/Sheets functionality
- Implemented data manipulation features and optimized performance for large datasets

Nexus Horizon Game Project

- Contributed to gameplay mechanics and system architecture in a team environment
- Ensured smooth performance across multiple technologies

Hackathons - Crimson Code 2023, 2024, 2025

- Built prototypes in 24-hour sprints with teams of 3-5 engineers
- Delivered functional solutions to real-world prompts under tight deadlines
- Presented technical implementations to judges

ADDITIONAL EXPERIENCE

Pinecone Inc. - Sales Associate & IT Support (Summers 2021-2023)

- Strengthened customer service and technical troubleshooting skills
- Managed inventory and transactions with high accuracy
